Spring Recital Show 2019 Assignments

A Special Note from Miss Darcy

To help you plan for the upcoming session, we are publishing our June Recital Show Assignments now. We want to give you time to adjust your class schedule to fit your family's needs. We are so happy that our dance family has grown to include 450 wonderful dancers. To showcase all of them, we have added a 4th show on Friday night to our Spring Recital line up. Many hours have gone into the process of assigning classes to each show. We will keep our pre-school students in our 10am and 2pm shows so they are not in the theater later in the evening. We group classes that are on the same day together, as it is common for dancers taking multiple classes to take them on the same day of the week. We also look to have a balance of older and younger dancers in each show with a variety of levels and styles represented for your viewing enjoyment. Finally, we make sure that our Graded Technique and Specialty Classes have the opportunity to perform in 2 shows. Even after all of this, there will be some students whose classes are spread across multiple shows. Please note that this is NOT the order in which the dances will be performed. We are looking forward to our 9th recital and we are happy to answer any questions you may have.
